It is all over now but the reasons why.

The Thanksgiving Turkey is already getting ticklish in the craw.

When Roosevelt orders his winter wool the woodman will please send big sticks.

One man out West bet his mine against another man's mine that Roosevelt would win. The bettors were each aiming to get the other in a hole.

Hear this blast from "The Ram's Horn." "A man has no right to ask God to assist him in doing a tight rope stunt."

The Baltimore Sun about sizes up right: "In celebrating its first anniversary Panamas seems to feel that she was left in a basket on the doorstep of nations."

Of course North Carolina had to go overwhelmingly Democratic. The people haven't gotten over the mad fit produced by the fusion abortion in 1894 '96.

President Roosevelt vociferates that Chairman Cortelyou never held up the trusts. If the trusts wanted to do it, we'll bet they could sing "Mr. Johnson, turn me loose."

Judge Parker, like the majority of the American people, always will believe that he could find out from Cortelyou's subscription list how many kinds of trusts believe in standing pat.

It is stated that the British Admiralty can communicate with one of its war ships by wireless telegraph anywhere on the Atlantic ocean or in the Mediterranean at any moment.

In 1880 the per capita wealth of the United States was \$513. In 1900 it was \$1,235, and it has been steadily increasing during the past four years. Some people never catch up with their per capita.

If Roosevelt can feel indignant over what Parker says about him while he is alive, he can judge how the dead Thomas Jefferson would feel if he could read Roosevelt's calculations about him. Parker doesn't wait for a man to go dead before he says what he thinks of him.

"Do you approve of the use of money in a campaign?" "Certainly," answered Senator Sorghum, "for legitimate expenses. But the trouble is that so many people think that torchlight parades and brass bands are legitimate expenses, and use the money that way, instead of buying votes with it."—Washington Star.

Some people think it is a cinch that none of the Trust magnates will stay up all night to get the election returns.—Washington Times.

MURDER TRIAL IN DUPLIN.

Dan Teashey, charged with Murder of Young Rivenbark Near Wallace Last Year—Taking of Testimony.

J. O. Carr, Esq., who is attending Duplin Superior Court as one of the counsel for the defense in the Dan Teashey trial, arrived yesterday morning and put in jail at Cripple Creek, Colo. The result of the national election was a victory for the Republicans. President Roosevelt says under no circumstances will he be a candidate for or accept another nomination. The chairman of the Democratic congressional committee says the Republicans will have a majority in the House of Representatives. The Democratic ticket made heavy gains in West Virginia, with a victory for the State ticket. Charles Blake killed Hunter Reynolds in Huntington, W. Va., in a fight. Roosevelt's plurality in New York, as indicated by returns up to 11:30 P. M., is about 185,000.

All of Monday was taken up in the selection of a jury from the regular panel and a special venire of 250, that task not having been completed until Monday midnight. Counsel for the defense, including Mr. Carr, of this city, Kerr & Davis, of Orlino, and J. T. Bland, of Burgaw, at the outset challenged the entire array of jurors and taken upon the ground of irregularity in their drawing, but Judge Moore overruled the challenge and an exception was noted. Solicitor Duffy is being assisted in the prosecution by Messrs. Stevens, Beasley & Weeks and the selection of twelve men to pass upon the life or death of the defendant was an exceedingly difficult task.

Teashey is a white man of fair intelligence and is charged with the killing of young Rivenbark, near Wallace, on March 4th, 1903. Young Rivenbark is a son of Postmaster Rivenbark at Wallace and is well connected. Teashey was once before found guilty of murder in the first degree, but upon appeal to the Supreme Court he secured the new trial which is now on. The taking of testimony will begin this morning.

NOVEMBER WEDDING.

Miss Frances Meares Green the Bride of Mr. Robert Charles Sloan.

MARRIED IN ST. JAMES'.

Two Popular Wilmington Young People Plight Their Truth at Hymen's Altar. In Beautiful White and Pink. The Bridal Tour North.

Historic Saint James Church, the scene of many brilliant weddings, was filled to overflowing at 6 o'clock yesterday evening with a fashionable assemblage of friends and relatives, gathered to witness the marriage of Miss Frances Meares Green, daughter of Mr. and Mrs. William H. Green, of this city, and Mr. Robert Charles Sloan, a popular young business man of this city. The church was very prettily decorated for the occasion, the chancel having been set with stately palms and the altar decorated with chrysanthemums and cut flowers, a soft light from hundreds of tiny wax tapers in handsomely polished candelabra shedding a soft glow over the beautiful scene.

Promptly at the hour appointed for the ceremony, the bridal party entered to the strains of a wedding march admirably rendered by Mr. Kraft, the church organist. First down the aisle came two pretty little ribbon children—Master George Sloan, clad in a suit of spotless white flannel, and little Miss Lucy Marchion, in a becoming gown of white muller over pink silk and trimmed with pink roses and lace, pink slippers and stockings to match. They were immediately followed by the ushers who came in pairs—Messrs. Geo. Crow, Jos. W. Yates, Chas. F. Green, A. J. Mitchell, O. A. Wiggins, Jr., and Dr. Thos. M. Green. Next came two pretty little flower girls—Misses Mary O. Green and Janie Meares, dressed in pure white muller with pink sashes, pink slippers and stockings. Next came the maid of honor, Miss Jane Iredell Green, sister of the bride, unattended. She wore a becoming gown of pink silk muller and carried a beautiful bouquet of pink chrysanthemums. The bride entered upon the arm of her father and was joined at the chancel and led to the altar by the groom, who entered from the vestry room with his brother, Mr. David D. Sloan, best man.

When all had grouped themselves about the altar the pastor, the Rev. H. W. Hogue, pronounced the solemn ceremony which made bride and groom man and wife, according to the beautiful rites of the Protestant Episcopal church, the rite service having been used. The bride was given away by her father.

The bride wore an exquisite creation of white messaline over white tulle, trimmed with lace and chiffon. She wore a tulle veil and carried a handsome shower bouquet of bride's roses and lilies of the valley. The bride wore a gown of pink silk muller and carried a beautiful bouquet of pink chrysanthemums. The male attendants were attired in full evening dress with buttonholes of pink chrysanthemums.

The ceremony was one of the prettiest, most solemn and most impressive witnessed in St. James in a long time. Immediately after the ceremony Mr. and Mrs. Sloan were extended the congratulations of the immediate members of the family at a brief reception at the home of the bride's parents, corner of Fourth and Ann streets.

Half an hour later they were accompanied to the A. C. L. station, whence they departed at 6:50 o'clock for an extended bridal tour North.

Both the bride and groom are held in the very highest esteem by a great many friends in this city. Mr. Sloan is bookkeeper for the Jacob Hardware Co. and the bride is Miss Green, was one of Wilmington's most accomplished young women. A large number of handsome wedding gifts were received.

THE DRUMMER MEDIUM.

Mr. Geo. A. Leford Here—Some of His Gifts as a Spiritualist.

Mr. George A. Leford, the popular representative of H. E. Buckton & Co., Chicago, is in the city. Mr. Leford is known as the drummer medium and is said to have done some marvelous work in that line for his friends.

A murder occurred some months ago in Florida and while Mr. Leford was in North Carolina he was communicated with by the murdered man's friends with a view to having the murderers run down. Mr. Leford wrote the Florida Inquirer and described the murderer and his accomplices to a certainty and they turned out to be the parties suspected. He even described the locality and appearance of the road where the murder was committed, and also gave the true motive for the murder. The murdered man's wife wrote him a grateful letter stating that his description of the murderers and the scene of the tragedy was quite marvellous. She thanked him for the aid he had given her in fixing the crime upon the guilty party who confessed to the particulars as described by the medium. This was a wonderful achievement for Mr. Leford as he knows nothing of the murdered man or the country in which he had resided.

ELKS' ELECTION SOCIAL.

Pool Tournament, Music, Returns and a Fine Collection Enjoyed Last Night.

The social session by the Elks at their handsome club rooms last night in honor of the election was one of the most enjoyable and enjoyable of the season. The attendance was unusually large and the committee had well prepared the programme of entertainment. The returns from the election were read to the club by City Attorney William J. Bellamy as fast as they came in over the long distance telephone lines and during "wails" there were other things doing all over the club.

The programme of music arranged by Dr. Thos. B. Carroll and Prof. Harry Shields was excellent. The pool tournament was a great success. The prize in the first class was won by Dr. J. O. Wessell; in the second by Mr. Harry Stokely, and in the third by Mr. Ike Solomon. The prizes were handsome silver handled knives. The judges were Elected Ruler C. W. Folwell, Mr. I. W. Solomon and Dr. T. B. Carroll.

THE MAGAZINES.

The National Geographic Magazine for October has come to hand, and it is an intensely interesting number. Among the contents is an address by Commander Robert E. Peary on the assembling of the Eighth International Geographic Congress in Washington. Dr. Penck has an article on recent progress in execution of a map of the world, and there is a valuable account of the Eighth Geographic Congress, together with Geographic Congress papers, geographic notes, geographic literature, etc. The price of the magazine is \$2.50 a year, or \$50 a number. Address National Geographic Magazine, Washington, D. C.

The November number of the Atlantic Monthly has been received. The table of contents is more than usually valuable, embracing articles by eminent writers. Among the articles are "The United States in the Philippines," "A Letter from Japan," "Close Election Contests," "On Improving the Style of the Bible," and others. The usual space is devoted to literature and the other important departments. Price \$4.00 a year; 35 cents per copy. Address Houghton, Mifflin & Co., 4 Park street, Boston.

The always bright Cosmopolitan for this month is on our table. One of the timely discussions in the editorial department is "Should Young Men Enter Political Life?" and "How?" Major General Corbin contributes "The Third Battle of Bull Run," illustrated, and there is a most readable article by Vernon Z. Reed, "To the Sahara by Automobile," also illustrated. William R. Steward interestingly discusses "Our Great Industries," and one of the most entertaining articles is by John Brisson Walker, "The West Point of the Future." It would be impossible in a limited space to specify the numerous other valuable features of this popular publication. Address The Cosmopolitan, Irvington, New York. Price \$1 a year; 10 cents a number.

The North American Review for November is one of the best of that great publication. Its contents constitute an intellectual feast. This is the number which contains the masterly article by Joseph S. Auerbach, the eminent New York lawyer. Mr. Auerbach's subject is "Is the Democracy Party Insincere?" He makes President Roosevelt and the Republican party defendants in a cause and arrays against them the indictments of the Democratic party. He then argues the case from a legal and constitutional standpoint, and contributes the ablest article we have seen during the campaign. He is a master of analysis and makes an unanswerable argument that is clear-cut and convincing. One of the most adroit and interesting contributions on the Far Eastern War that has appeared is "The Yellow Peril," ably discussed by Baron Kentaro Kaneko, of the House of Peers of Japan. The other contributions are varied and strong, and the Review is altogether one that is worth filing away. Price \$5 a year, or 50 cents a copy. Address "The North American Review," Franklin Square, New York.

That great magazine, "The American Monthly Review of Reviews," is a gem for November. "Our Presidential Campaign," with pictures, is discussed by Dr. Shaw in a masterly way, and among the more prominent contributions are "The Episcopal Convention, at Boston," "Canada in 1904," "Iowa's Campaign for Better Corn," "An Epidemic of Railroad Accidents," "Japan and the Resurrection of Poland," and numerous others. Talcott Williams writes an interesting character sketch of the late Senator Hoar, and the contents generally are of a high order. Price, \$2.50 a year, 25 cents per copy. Address "The Review of Reviews Co.," 18 Astor Place, New York.

The Literary Digest, November 5, is a thing of beauty in appearance and a thing of joy as to contents. From the first to the last page the contents are full of absorbing interest. Among the leading articles are "Judge Parker's Speeches," "Signs of Growing Prosperity," "Southern Cotton Mill Employees," and numerous discussions of literature, art, science, timely topics, and books of the day. The eclectic editorials presenting the leading political thought from both points of view are without their equal in interest. Price \$3 a year, 10 cents a copy. Address Frank & Wagnall, New York, 44-60 East 23rd street, New York.

The "Twentieth Century Home" for November is a gem. It is essentially a publication for women and is always most delightful in its contents and illustrations. The frontispiece is a charming autumn scene, and the leading illustration is a fine piece of portraiture—an artistic and admirable picture of Mrs. George Gould. The magazine throughout is beautifully illustrated, the art and fashion cuts being especially attractive. The contents are varied and so extensive as to

preclude enumeration of the subjects. Topics of literature, home science, art and fashion are discussed in a manner that makes the publication a most charming one. Price, \$1.00 a year; 10 cents a copy. Address The Twentieth Century Home Company, Irvington-on-Hudson, New York.

MAD AS OLD TUCKER.

If the President does not understand that it is expected that he is to be under obligations to the trusts for furnishing the funds to elect him, he is not looking at it through the spectacles used by the trusts when they parted with their cash. For their money the trusts get four years more of tariff pickings and are reasonably sure that they will not be ousted.

In addition to calling Judge Parker a prevaricator and denying that he was a blackmailer and corrupt politician, Roosevelt could have clinched the thing by denying that the trusts have subscribed money to elect him. That is what Parker charged and what Roosevelt failed to deny. A Republican mass meeting was held in Baltimore Saturday night and former Postmaster General Chas. Emory Smith met at the meeting Mayor Timmons, of Baltimore, Congressman Wachter and other Republican friends. In conversation with them Mr. Smith gave a graphic description of the way in which the President received the Parker charges.

"I was with the President at the White House yesterday," said Mr. Smith, "when he read the article. He got red hot."

"Just let me get at them once, he shouted, jumping up and down and shaking his fist."

It is to be presumed that Roosevelt acted just as he described. It is so much like him. It always makes a fellow mad when he is caught up with "Whom the gods destroy they first make mad." So note it be.

The way this great moral question stands before the country to-day is this: Parker declared that no trust has subscribed money to his fund. Roosevelt could not say that and practically admitted it by attempting to excuse it by saying "You too."

Roosevelt, like the scuttie fish, muddled up the waters so he could get away as easily as possible.

THE WORST BLOW TO THE MERIT SYSTEM.

What former President Grover Cleveland says about the Cortelyou scandal ought to go on record. Like everything else he says it has the earmarks of the sage.

The New York Times prints a statement from ex-President Cleveland given in answer to a request that Mr. Cleveland express his views on the statement of President Roosevelt and the previous remarks of Judge Parker. Mr. Cleveland says:

"I see that Mr. Roosevelt, in his statement in defense of himself and Mr. Cortelyou, speaks of the latter as having been my executive clerk in the White House. He might have gone further and spoken of my high opinion of Mr. Cortelyou, amounting to personal attachment."

"From this arises my condemnation of the action of Mr. Roosevelt in putting him at the head of the Republican National Committee, and this has nothing to do with the question as to whether or not Mr. Cortelyou has or not improperly or otherwise extorted or obtained contributions for campaign purposes. With this contention I have nothing to do. My complaint is of a different sort."

"Mr. Cortelyou, before his selection through the partisan national committee, with all its implications, was pre-eminently the best illustration of the country afforded of the useful and beneficent operation of civil service reform. Without influence or powerful friends he earned a humble place in the public service through civil service examination. He rose step by step through his own merits to positions of the most delicate and confidential character, and when he was put at the head of an important and new department of the government and took a place among the members of the President's Cabinet I believe there was not a right thinking man in the United States who did not rejoice in his advancement as well earned. I am sure every sincere civil service reformer was gratified by the opportunity afforded to point to so convincing a justification of this reform."

"The last place his friends or the friends of civil service reform would have thought of as one he could appropriately occupy was chairman of the Republican National Committee, and the last thing they could have expected him to do was to resign his well earned and befitting Cabinet position to take such a place."

"I regard it a distinct loss to the cause of civil service reform that he should have gravitated to duties and work so far and so distinctly removed from any relationship to this reform, or even to the best thing in politics."

"It is in my belief most unfortunate that when Mr. Cortelyou assumes again Cabinet duties, as it seems to be conceded he will after the election, he will be given the place not in illustration of civil service reform, but in payment of the work performed, and, to say the least of it, the most suspicious partisan service."

The Kind You Have Always Bought

CAPTAIN GEORGE H. SAILOR

Relates a Tough Experience While Engineer on the C. & P. E. R.

Captain Saylor writes that he was in very poor health and so nervous that some days he had to call his fireman to the throttle. He would lie awake at night and look ahead in his next day's work with fear and dread. He had no appetite, his stomach rebelled at what little food he ate, and he was altogether miserable and discouraged. After trying many medicines without any benefit, Vinol was recommended, and he wants all his friends to know that it has made a new man of him. He says it has restored his health and strength, he sleeps soundly, and every morning he feels rested, strong and eager for work. He

CAPT. GEO. H. SAILOR.

feels convinced that there is no other medicine in the world that will invigorate and create strength like Vinol. Our local druggist, Mr. Robert R. Bellamy, says that what Vinol did for Mr. Saylor it will do for any man, woman or child in Wilmington, because Vinol contains in a concentrated form all the elements of cod liver oil without oil or grease to upset the stomach and retard its work.

We ask every run-down, nervous, debilitated, aged or weak person in Wilmington, and every person suffering with a stubborn cough, cold, cough, bronchitis or incipient consumption, to try Vinol on our guarantee. Robert R. Bellamy, druggist.

CURRENT COMMENT.

—To beat Tom Watson's tongue and the Trusts' money on the same day would be for Judge Parker the greatest triumph that ever fell to the lot of an American citizen.—Rochester Herald.

—Texas gained as many Congressmen in the reapportionment as the Empire State. The heaviest construction of railroads was in the Southwest. New York got the whole show.—N. Y. World.

—Nothing has happened from the beginning of the campaign to increase public confidence in Theodore Roosevelt or admiration for him. Judge Alton B. Parker, on the other hand, has been growing daily in the estimation of the people.—Manchester (N. H.) Union.

—Secretary Shaw offers his personal check for \$1,000 to any person who will show that there has ever been prosperity under a Democratic administration. We take it for granted the Secretary does not draw the check against the government funds which are apparently used for campaign purposes.—Washington Post.

—With their feet under the mahogany at the Club League and the Manufacturers' Club respectable Philadelphia talk glibly of the denial of suffrage to illiterate blacks by which some Southern States protect their political and social institutions from the sway of ignorance. The Philadelphia illustration of every race are led to the polls to vote the Machine ticket, with a witness of the bribery and corruption.—Philadelphia Record.

—Booker Washington, Jr., the eldest son of Booker T. Washington, has filed an application for appointment as paymaster in the army. The application was filed four days ago and was dated New Haven. The applicant describes himself as a twenty-three year old, and a student at the Massachusetts Institute of Technology. The first indorsement on the application is that of Booker T. Washington, and there are others from prominent residents of New Haven. The application has been ordered put on the suspended file, to be taken up November 15. There is an impression about the War Department that young Washington has a most excellent chance of getting the appointment. There are at present only one actual and two prospective vacancies in the grade of paymaster. John R. Lynch, now a captain, is the only negro paymaster in the army at present. He was at one time assistant auditor for the Navy Department. Capt. Lynch is reported to have experienced some trouble with the navy, because of color, in the discharge of his duties both during the Spanish war and in the Philippines.—Washington Post.

Made First Lieutenant in the Halifax Light Infantry near the beginning of the Civil War, he was soon transferred to the First North Carolina Cavalry and was made captain of his company in the Ninth Regiment of North Carolina troops. In this capacity he rendered most marked and faithful service to the end of the war. HOW IT STICKS.

Wilmington Has Found It Hard to Shake Off.

Hard to bear, harder to get rid of, is an itching skin complaint, known as Itching Pills, Doan's Ointment relieves and cures.

Allitchments of the skin. Wilmington people endorse this statement:

C. H. Horton, printer on the Morning Star, residing at 307 Dock street, says: "I had a rash on my body which had been bothering me for some time and often almost set me wild. I used lots of medicine and remedies but without relief until I procured Doan's Ointment from Bellamy's drug store. I found it to be most excellent. I do not believe it was ten minutes after I applied it before I had relief. I am glad to let others know of an effective preparation like Doan's Ointment proved to be in my case."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Life has been one long night of misery for me during the past three years, because of my miserable state of health. It seemed that I endured all the misery that a woman could endure in that time and live. Three years ago I caught cold while out skating, and suffered a severe fall at the same time. As it unfortunately happened during the menstrual period the subsequent consequences were as bad as could well be imagined. Inflammation and ulceration set in, not only in the womb, but also in the ovaries, and affected the fallopian tubes.

My physician did his very best to relieve me, but after three months declared there was no relief except through an operation, which I objected to most decidedly. I then tried several highly recommended remedies, without any help, until my mother advised me to try Wine of Cardui as it had been recommended to her.

I took it as a drowning person grasps at a straw and it proved a veritable Godsend to me. My pains gradually grew less, the daily headaches I had suffered from then disappeared. My general health kept improving and in thirteen weeks I was fully restored. No operation was needed. Wine of Cardui proved my restorer and most gladly do I give it the entire credit.

Postmaster Reed, at Baltimore, N. C., who it was believed would die of a bleeding nose, is improved.

Greensboro Record: After tomorrow the colored ladies in Greensboro can quit wearing as dress fasteners the campaign buttons of E. Spencer Blackburn on which is inscribed—"We are for Blackburn; he does things." He will not be in a position to do anything.

Mr. Clarence MacKay, president of the Postal Telegraph and Cable Company, is building a handsome lodge on his hunting preserves recently purchased one mile north of Jamestown, on the road leading to Guilford College. He has bought several hundred acres of land and his lodge will cost something over \$30,000.

Salisbury Sun: Word was received in Salisbury yesterday that Bert Finger, who was sentenced at the February term of Rowan Superior court to fifteen years imprisonment in the penitentiary, was killed early in the week by a guard. Finger, it will be remembered, attacked and killed Capt. J. A. Fowler, a conductor on the Southern, at Spencer, in December of last year. His purpose was robbery and the assault was of the most brutal character. For a long time Finger protested his innocence but finally acknowledged his guilt. He was sent to the State farm after being taken to the penitentiary by Sheriff Julian. It is presumed that he was on the farm when his attempt to escape resulted in his death.

A Wilkesboro dispatch on Monday says: "Hon. E. Spencer Blackburn was challenged here Saturday and the hearing set for today. Notice was served upon him, but he did not even appear before the board and his name was stricken from the registration book to-day." A dispatch from Winston-Salem says that Mr. E. Spencer Blackburn, Republican candidate for Congress in the Eighth district, will not be allowed to vote tomorrow. He registered but was challenged. When the case came up this afternoon it was unanimously decided that he was not a resident of Wilkes county and his name was erased. When the papers were served upon him Mr. Blackburn is quoted as saying that he knew he was not entitled to vote. Mr. Blackburn and family are expected to return to their home at Greensboro, in the Fifth district, the latter part of the week.

A dispatch from Asheville on Monday says: "In court this morning 'Skeeter' Towe was fined \$50 and costs, the maximum punishment. He was charged with conducting a disorderly house, while two girls, Daisy Thompson and Mollie Sneed, occupants of the house, were fined \$25 and costs, each, each charged with aiding and abetting. It is said that a complaint had come to the ears of the district that the woman was keeping a girl in her house for immoral purposes, who was under fourteen years of age, and Patrolman Page and Williams investigated the affair, found the young girl in the house and made arrest. It is said that the girl is twelve years of age. After hearing the evidence Judge Jones imposed the heaviest fine that was within his power on the keeper of the house and \$25 and costs each upon the other two. The judge also ordered that the girl be removed from the place and sent to her home.

On the eve of retiring Saturday night between 8 and 10 o'clock, a citizen of Henderson was startled by a terrific explosion, accompanied by a severe concussion, jarring houses, rattling windows, breaking glass and scattering debris hundreds of yards, in the attempt to wreck the large graded school building with dynamite. The building is situated on the corner of a street intersecting Breckenridge, in the rear of the city and directly opposite the commodious Gary prize house. The concussion broke many panes of glass in that building. — "Do you believe in second sight?" asked the co-ed with a taste for psychology. "Indeed, I do," replied the handsome senior. Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and the cause of the other greasy, you remove the effect." Sold by leading druggists. A crowd of neighbors assembled to welcome him and he was received with cheers.

By Telegram to the Morning Star.

KINGSTON, N. Y., Nov. 8.—Judge Parker slept later to-day than he had in many months. The judge and his secretary, Mr. McCausland, took the breakfast and drove to Kingston, where they cast their ballots.

Judge Parker drove up to the old post office on Green Hill avenue, the voting place of the third district of the North ward, at 10:40 o'clock. A crowd of Kingston neighbors had assembled to welcome him and he was received with cheers.

The judge passed the reins to Mr. McCausland and stepped from his wagon. Ralph Finnegan, a six-year-old boy, whose house adjoins the post office, rushed out and was the first to shake hands with the candidate.

"Thank you," the judge said with a laugh. "You are a great boy."

Several friends claimed the judge's attention and he talked with many before reaching the post office. The crowd within the post office also cheered and the judge was compelled to hold a brief informal reception before he could reach the voting office.

He was handed a ballot and at the same time was asked the usual questions. Judge Parker gave his name and answered that his residence was 30 Pine Grove avenue, which is the home of his son-in-law the Rev. Charles Mercer Hall.

After complying with all the formalities, the judge passed into a booth and remained half a minute. He came out and handed his folded ballot to a clerk who deposited it and announced: "Alto Brooks Parker votes ballot 147."

Then there was a flash and several photographers obtained pictures as the judge's ballot was dropped into the box. More cheers followed.

HOUSE OF REPRESENTATIVES

Conceded by Democratic Committee to the Republicans.

By Telegram to the Morning Star.

WASHINGTON, Nov. 8.—Chairman Cawthorne, of the Democratic congressional campaign committee, at 11 o'clock said:

"We concede that the Republican Roosevelt landslide has carried the House of Representatives for the Republicans by a majority at least as large as that by which they now hold control."

New York, Nov. 8.—At 11:30 o'clock, Chairman Babcock of the Republican Congressional campaign committee, said that present returns indicated that the House of Representatives would have fifty majority for the Republicans.

The returns from the Western States are still very meagre and he based calculations upon districts where he believes are assured Republican. Of the gain in the east there are six in New York, two in New Jersey, and one in Massachusetts.

RIOTING IN COLORADO

Two Democratic Judges Killed and a Number of Others Beaten and Injured.

By Telegram to the Morning Star.

CRIPPLE CREEK, COLO., Nov. 8.—Two Democratic judges were killed in this district to-day, a Peabody deputy sheriff was mortally wounded and a number of Democratic judges were beaten and thrown into jail. The Peabody and Charles M. Peabody, Goldfield, were shot down by one of Sheriff Bull's deputies. They had ordered the deputy out of the polling place. He refused to go away turning upon the judges and killed them.

James Wadsworth, the deputy who killed two election officers in Goldfield, was a secret service man during the military rule in the district. Miller and Idebolt were union.

At Midway, Ed. Doyle, a deputy sheriff, assaulted Mrs. Kennedy, a Democratic judge, and in a struggle that ensued tore her dress and slapped her. Ed. O'Leary, a Democratic watchman, interfered and shot Doyle, fatally wounding him. O'Leary was arrested.

LARGE MAJORITY FOR ROOSEVELT.

Election Returns Show a Sweeping Victory for the National Republican Ticket.

By Telegram to the Morning Star.

NEW YORK, Nov. 8.—The Republican national ticket has been elected by a vote in the electoral college that will exceed that of 1896 given Mr. McKinley in 1900. The result of to-day's balloting was astounding even to the most sanguine of the Republican managers. Confident as they were of success they were not prepared for the astonishing figures which followed the closing of the polls, bringing into the Republican column not only all of those States they had claimed as safe for their candidates, but with the possible exception of Maryland, every State classed as doubtful.

Democratic successes are confined to the solid South, in which Kentucky is included, and Mr. Parker has not carried a single State which did not give its vote to Mr. Bryan four years ago. Official returns indicate that he lost some of those which he held in 1900. As a dramatic climax to the sensational majorities given him, came President Roosevelt's formal announcement that he could not be a candidate for re-election, lending the only exciting aspect to an election night otherwise so one-sided that it was impossible for even the victors to attain that degree of enthusiasm that usually marks the occasion.

Late in the night came an announcement from Melvin G. Palliser, manager of the campaign for Thomas E. Watson, the candidate of the People's party, that as a result of the overwhelming Democratic defeat steps would be taken to form a new party. To this end, according to the announcement, Watson, Mr. Bryan, Mr. Watson and William Randolph Hearst would hold a conference in New York in about a week's time.

The period of suspense that followed the closing of the polls was not prolonged. In no election in recent years has the result been so definitely known so soon. Hardly had the sun gone down when results in New York began to appear. By 7 o'clock it was evident that the great Empire State had given the Republican candidates a majority beyond the predictions of the party managers. So convincing was the story of the balloting that at half past 7 o'clock August Belmont at Democratic headquarters concluded Roosevelt's election by an overwhelming majority and half an hour later the Democratic leaders who had managed the campaign freely admitted that the Republicans had carried every doubtful State. There was no disposition to hope against hope. As State after State sent in its Republican majority and the wires told the tale of the balloting, and bringing even from those commonwealths upon which they had passed their figures of Democratic success reports of Republican majorities, they frankly conceded their defeat and offered no explanation. Soon after Mr. Belmont's admission, Judge Parker acknowledged the situation telegraphing President Roosevelt his congratulations.

NEW YORK

New York, Nov. 8.—At 7:15 returns from New York State and McKinley's victory over Roosevelt by a plurality of 143,806. A surprise of the early returns was the heavy Roosevelt vote in Kings county (Brooklyn), 150 out of 440 election districts indicating that Roosevelt had carried the county. From up the State the first bulletins made it appear that Roosevelt was popularly above Bryan would be about 280,000 or 300,000.

At 7:30 to-night August Belmont, at Democratic national headquarters, declared the election of Theodore Roosevelt by an overwhelming majority.

The Brooklyn Daily Eagle, a Democratic newspaper, announced at 7:07 that Roosevelt had been elected President of the United States and that Higgins had been elected governor of New York State.

New York, Nov. 8.—At 8:45 the first figures from New York City and State indicate and Roosevelt's plurality above the Bronx is about 285,000 and that Parker's below the Bronx is about 37,000, giving the State to Roosevelt by 248,000. Returns from about one-third of the State above the Bronx show Roosevelt's vote to be 17,000 heavier than McKinley's for four years ago and Parker's 7,000 smaller than Bryan's.

For governor Higgins apparently is 168,000 ahead in the up-state country over Roosevelt, 60,000 better than Higgins in the city, electing Higgins governor by about 85,000. The legislature is undoubtedly overwhelmingly Republican, starting the election of republicans to succeed Chauncey M. Depew.

New York, Nov. 8.—Early returns from all parts of New Jersey indicate that President Roosevelt has carried Massachusetts by 80,000.

11:30 P. M.—The latest returns indicate that Roosevelt's plurality in New York is about 185,000.

MASSACHUSETTS

Boston, Nov. 8.—Complete returns from the city of Boston for president give: Parker, 49,433; Roosevelt, 58,559. The total vote for governor in Boston was: Parker, 28,976; Douglas, 62,619.

Parker carries the city by 1,874 plurality; Douglas carries Boston by 34,043 plurality.

Boston, Nov. 8.—The Globe at 9:30 to-night says that Douglas, Democrat, is elected governor by a plurality of 35,000 and that Roosevelt has carried Massachusetts by 80,000.

TENNESSEE. Nashville, Nov. 8.—The vote in Tennessee has been light. Early returns indicate an estimated Democratic plurality of 35,000.

Democrats in the Eighth, Ninth and Tenth Congressional districts are elected.

At 11 o'clock to-night both Democratic and Republican chairman are claiming the State. Returns received by the "American" indicate a majority of 15,000 votes for the Democratic national ticket and perhaps 3,000 votes for Francis, Democratic candidate for governor.

ALABAMA

Birmingham, Ala., Nov. 8.—Later returns show that Congressman Burnett is re-elected to Congress from the seventh Alabama district by two thousand majority. J. Thomas Hel-

WEST VIRGINIA

Charleston, W. Va., Nov. 8.—Reports from all parts of West Virginia indicate a plurality for Roosevelt and Fairbanks and victory for the Democratic State ticket. Counting of votes is very slow.

OHIO

Columbus, Nov. 8.—The estimate at 9 p. m. was that the Republican plurality in Ohio would exceed the high water mark of 127,000 in 1896 and also any previous Republican record on Congressmen. It is believed that the Socialists increased their vote at the expense of the Democrats.

SOUTH DAKOTA

Sioxa Falls, Nov. 8.—Senator Kitt ridge claims that Roosevelt has carried South Dakota by 40,000 and Chairman Crane of the Republican State central committee puts the figures at 50,000.

ARKANSAS

Little Rock, Ark., Nov. 8.—The Gazette's advice from all parts of the State bear out previous estimates of a plurality of 40,000 for the Parker and Davis electors.

Each of the seven congressional districts is Democratic by majorities ranging from 4,000 to 6,000. The total vote will fall short of that cast at the last election in September, on account of apathy in some of the counties.

WYOMING

Cheyenne, Nov. 8.—Wyoming is conceded by the Democratic leaders to Roosevelt with a large majority. The returns for the governorship between Bryan and Roosevelt are close. John E. Osborne, Democrat, is close.

PENNSYLVANIA

Philadelphia, Pa., Nov. 8.—Israel W. Durham, the Republican city leader, says that Roosevelt's majority in Philadelphia will be 40,000. His majority in the State will be over 80,000. McKinley carried the State in 1900 by 288,438 plurality.

DELAWARE

Wilmington, Del., Nov. 8.—Roosevelt has carried Delaware by about 5,000 and the Republicans elect the governor and congressmen. The legislature will be overwhelmingly Republican.

OHIO

Columbus, Nov. 8.—The returns in Ohio are compared with those on the State ticket last November, when the Republican plurality was 118,812, the largest ever given an Ohio governor. The total vote was only 577,308 and it is estimated at much over a million to-day.

COLORADO

Denver, Nov. 8.—From scattering returns received up to 10 P. M. it appears that Roosevelt carries Colorado by a plurality of something between five and ten thousand and that Alva Adams, Democrat, is elected governor. Over nine of the number of seats on the Congress are in to-day's election.

TEXAS

Austin, Texas, Nov. 8.—Partial returns indicate that the three constitutional amendments voted on in Texas to-day, one seeking to provide for Texas banks, another for the irrigation of Texas by counties, and the third to increase the State's pension roll for Confederate veterans, were all defeated in to-day's election.

VIRGINIA

Richmond, Nov. 8.—The vote in Virginia was light, probably not exceeding sixty per cent. of that cast in 1900. The Democratic majority on the presidential ticket is estimated at between 30,000 and 35,000. Nine of the ten Democratic seats on Congress were elected. In the ninth district, Campbell Slemm, the present Republican congressman, was re-elected by a majority of 500.

PROVIDENCE ISLAND

Providence Island, Nov. 8.—At 11 o'clock to-night with 38 districts out of 183 in the State reported, Roosevelt was 5,049 in the lead over Parker, with votes of 8,767 against 3,718 respectively.

The light vote in the island is doubtless due to the fact that the leader in 18 districts in the State by 1,335. All but one district of the 31 is in the country.

NEW JERSEY

Newark, Nov. 8.—The Republican State committee claims that Roosevelt has carried the State by 60,000 or over. Newark is Republican by 10,000. Essex county will give nearly 80,000 Roosevelt. The election of the governor is conceded by the Republicans by 25,000.

KANSAS

Topeka, Nov. 8.—The indications are that Roosevelt will carry the State by 30,000 plurality. The election is badly scratched and the complete returns are not expected before midnight. T. T. Kelly, candidate for State treasurer, running behind his ticket. All the Republican congressmen are elected.

KENTUCKY

Louisville, Nov. 8.—Six hundred and seventy-two precincts out of 1,300 in the State are reported. The plurality is 16,480. As the Eleventh district, a Republican stronghold, is yet to be heard from, Parker's probable plurality is pushed by those at both Democratic and Republican headquarters at between 12,000 and 14,000. Bryan's plurality in 1900 was 8,940.

MONTANA

Butte, Mont., Nov. 8.—The count is proceeding slowly throughout the State. The returns already indicate that the State will go for Roosevelt.

NORTH DAKOTA

Grand Forks, Nov. 8.—State returns are coming in very slowly. So far a normal vote is indicated, with 25,000 majority for Roosevelt.

NEVADA

Reno, Nov. 8.—So far as heard from the Republican State ticket is in the lead and Yerington, (Republican) for Congress is probably elected over Vanduser (Democrat). The State is conceded to Roosevelt.

INDIANA

Indianapolis, Nov. 8.—Chairman Goodrich, of the Republican State committee, claims the State for Roosevelt by a plurality of 60,000. The indications in the State for governor, will run behind the national ticket about 5,000 votes.

MARYLAND

Baltimore, Nov. 8.—Though the returns from the counties of Maryland are not complete and these from four precincts in Baltimore missing, the returns that have been received indicate that Maryland has gone for Roosevelt by a small majority, probably a few hundred votes, this estimate being based upon the returns received in the voting records in those districts not heard from. It will be an early hour to-morrow morning before the result is exactly known. In the six congressional districts of the State three Republicans and two Democrats have been elected, with the remaining district in doubt.

LOUISIANA

Louisville, Ky., Nov. 8.—Nine counties out of 119 in the State give a total plurality for Parker of 4,886, a gain over Bryan's plurality in 1900 of 1,068.

Baltimore, Nov. 8.—Returns from the city and State are not complete, but it is apparent from the official reports so far received that the vote in Maryland is very close and that the actual result may not be definitely known to-night owing to the slowness of returns from remote districts in east-western and southern counties. In Baltimore the indications are that there may not be a difference of one hundred votes. Incomplete returns from counties show unexpected Republican gain, particularly in the western counties.

UTAH

Salt Lake, Nov. 8.—Returns from three precincts in this city give Roosevelt 545; Parker 280; Debs 65. The American party polled an unexpectedly large vote in this county and possibly elected some of their ticket. Weber county, in which Ogden is situated, will give Roosevelt 1,500 plurality.

MISSOURI

St. Louis, Nov. 9.—At 1 o'clock the election is in doubt. Both sides claim victory.

NEW YORK

New York, Nov. 9.—If Maryland is Republican, as indicated, the returns received yesterday show that Roosevelt has carried the State by 1,000. In Baltimore city with one precinct missing, Parker has 474 plurality.

MARYLAND

Baltimore, Nov. 9.—The "Sun" has reported the Democratic presidential nominee, conceding at 2:03 A. M. that Roosevelt has carried the State by about 1,000. In Baltimore city with one precinct missing, Parker has 474 plurality.

RUSSIAN STEAMERS SUNK.

Both Armies Tumbling—Japs Gradually Advancing Their Trenches—Japanese Man-of-War Reported Destroyed by a Mine.

By Cable to the Morning Star.

CHEFOO, Nov. 8.—5:30 P. M.—The Japanese battleship Port Arthur, Japanese Lieutenant General Sigenori, the commander of the Russian military forces there, have offered terms of surrender to the Russian soldiers, according to advice leaving Port Arthur yesterday. In the meanwhile the ceaseless activity of picks and spades continues. The Japanese are gradually advancing their trenches, which will incurable fate to the watching Russians.

A Russian prisoner captured October 26th said the troops composing the garrison of Port Arthur were in want and dispirited. Upon hearing the prisoner's story, General Nogi assembled his staff, discussed the matter, and then, under the light of a bicycle lantern, drafted a letter to be circulated among the soldiers themselves, the prisoner saving promised to deliver it in mercy to his comrades. The letter offered humane treatment to all who surrendered, saying it was in the interests of humanity to prevent further useless slaughter. The Russian lines were broken by his officers. The night the Russian returned, saying his comrades would answer within a few days.

As the Japanese are sufficiently near the summit of the hills to render tunneling highly practicable, much of this work is now being done. The Russians are building counter tunnels. Which ever side first breaks under the enemy's blows up the latter's tunnel.

Five Russian mines sweeping steamers have been sunk by Japanese shells. SHANGHAI, Nov. 8.—It is reported in British naval circles that a Japanese man-of-war had been sunk by a mine off Port Arthur.

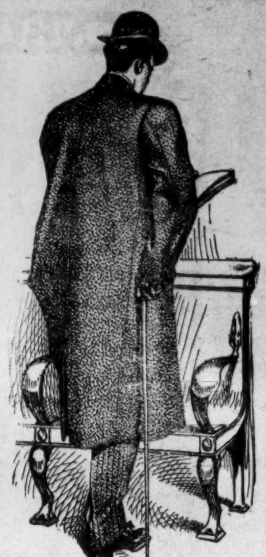

LAUGH AND GROW YOUNGER.

Philosophical Side of Approaching Visit of Forrester & Sells Brothers.

It has been stated that every laugh makes a man a day younger. If the statement is true—and no good argument has yet been presented to prove that it is not—it will be an easy matter for any individual to live a year longer, and at the very nominal expense of 50 cents for the entire 365 days. It may be said that there are no two human beings on this earth's surface who will equally enjoy a given funny action or a witty speech. One man will not see the point in a story that to the other appears the most laughable thing imaginable. An incident that in action almost convulses the onlooker with laughter will not appear at all funny to the third party to whom the incident is recited. But let 10,000 people witness at the same time 1,000 funny actions and queer antics and it will be impossible to find one individual in the entire aggregation of spectators whose ribs have not been tickled with laughter, and whose sense of humor has not been appealed to.
